

PRODUCT CODE: RA-S-RUNA

PRODUCT DESCRIPTION: Rubberised navy rain suit in drawstring bag

MATERIALS

RAIN SUIT	100% waterproof PVC coating with rubberised Nylon mesh lining, 110gsm (170T) with fully taped seams. <i>Rubberised Nylon describes the technique of how Nylon fabric is coated with various polymers in order to strengthen the fabric, as well as increasing it's flexibility.</i>
DRAWSTRING BAG	Polyester/PVC

SPECIAL FEATURES

JACKET	• Full zip jacket with snap close storm flap for added protection • Back vents for breathability • Velcro front pockets with storm flaps • Elasticated cuffs • Hood with drawstring • Concealed drawstring waist adjusts fit of jacket
PANTS	• Elastic waist for comfortable fit • Snap close leg cuffs for extra closure • Crotch has reinforced stitching and welding • Inner leg stitched and welded
SUIT	• Lightweight and flexible, but stronger than the original "PVC" rain suits • Easy to store and fold into bag

WARNINGS

Do not use when risk of cut or puncture is present.

Do not use for chemical handling.
